

## From the Principal's Desk

Every endeavour may not meet with great success but behind every success lies great endeavour and enterprise. 2014-15 is an academic year that has witnessed great success in most of the areas we have constantly persevered in. I am proud and happy to report that we have not only excelled in academics, with the highest scores in each course being over 80 per cent, but have also earned unprecedented laurels in sports and extra-curricular events. Lalit Mathur won the Silver Medal in the National Games held at Kerala and also won the gold medal in all India Inter university championship held at Bangalore. He also created a new record of 46.01 seconds in the 400mts ensuring a place for himself and for the college in sporting history. Inderpreet Kaur represented Delhi in National Games held at Kerala and secured 3rd place in the Rhythmic Gymnastics tournament. Amit Mathur, Virender, Amit Kandhari, Manish and Arun won the first spot in various events of the Delhi State Athletic Championships. Pooja won the gold in the 1500mts and Rekha won the Heptathlon and created a new record in the Inter College Athletics Championship. Many of our students won positions in other sports tournaments. The burgeoning cultural activities in the college also bore sweet fruition in contests in the university community. Our Bhangra team won the trophy in the Folk Dance category of the Annual University festival *Antardhwani* beating more than 40 other competing teams. It also won a whopping 20 competitions in inter-college competitions. The street play society 'Nepathya', and the members of the 'Vedang', the Debate and Quiz society, garnered a bouquet of prizes and accolades in competitions across colleges. This year we also hosted National Seminars that were well attended and appreciated by the academic community.

Behind the glory lies the dedication and single-minded pursuit of excellence of the students and their mentoring teachers. Undeterred by infrastructural constraints of lack of ample spaces and playfields in the college, they nevertheless made the most of the available resources to carve and sculpt a name for the college in all arenas. They proved that the human spirit can overcome many constraints and hurdles and that Davids may displace Goliaths if they determine to do so. I salute the spirit of this institutional family that has truly imbibed the idea of multi-faceted growth and maturity aimed towards a holistic educational experience. I invite you to travel the journey of our accomplished academic year through the words and images within the pages of this magazine.
